

3D Exhibition Viewer

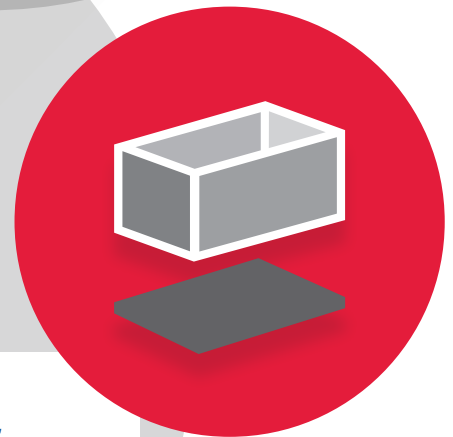

The 3D Exhibition Viewer is a dynamic, interactive technical platform providing a new user-orientated approach to exhibition planning and design. Raise your sponsors' profiles and enhance your delegates' experience with our 3D Exhibition Viewer.

3D Exhibition Viewer Advantages for Organisers and Sponsors:

- Advanced visibility of exhibition set-up and delegate flow
- Additional promotional opportunities for the conference, as well as partners and products
- Increased visual impact through advanced 3D rendering

3D Exhibition Viewer Advantages for Delegates:

- Seamless user-friendly platform for preparation of conference experience in advance
- Superior visualisation of venue to support and assist onsite navigation through the floorplan
- Increased interactivity onsite through 3D signage displaying conference content
